

THEOLOGICAL FOUNDATIONS

One Priority

“Love God with all your heart and with all your soul and with all your mind.’ This is the first and greatest commandment. And the second is like it: ‘Love your neighbor as yourself.’”

Three Relational Motives

Move kids to **love God** by inciting wonder.

Move kids to **love life** by provoking discovery.*

Move kids to **love others** by fueling passion.

*In the Preschool Phase, the **WONDER** dial is turned all the way up.

THEOLOGICAL FOUNDATIONS

Three Basic Truths

In the preschool years, a child will form their first impression of God's love.

God made me.

God loves me.

**Jesus wants to be
my friend forever.**

PHASE

The Preschool Phase

One-Year-Old—Four-Year-Old

➔ What is a phase?

A phase is a timeframe in a kid's life when you can leverage distinctive opportunities to influence their future.

At each phase, your job is simple . . .

Know what can be expected of them and know how they think so they will hear what you say and know what to do.

**It's just a phase,
don't miss it.**

➔ Thinks like . . .

A preschooler thinks like an artist.

Artists experience the world through activities that stimulate the five senses.

Like artists, preschoolers learn best when they can make it with their hands. They learn experientially, through their senses, from someone who responds to them.

➔ How They Relate to God . . .

God's story is my story.

Preschoolers who think like artists blend the stories they hear with the stories they live in a way that makes a loaf and two fish just as memorable as yesterday's pizza. They relate to an invisible God they can imagine.

➔ Wants to know . . .

In first five years of life, a child forms impressions about themselves and the world.

The way a child resolves the "Am I . . . ?" questions of the phase establishes a critical foundation for their future.

The best way to resolve a preschooler's relational questions is to consistently embrace their physical needs.

Am I safe?

In the first year of life, a baby needs to know they are safe. When adults consistently respond to a baby's needs, babies establish trust.

Am I able?

When a toddler is one and two years old, they discover new abilities. When adults patiently allow toddlers to try new things, toddlers develop confidence.

Am I okay?

When a preschooler is three or four, they learn a few rules and expectations. When adults set boundaries and discipline with love, preschoolers cultivate self-control.
